

# Building a Better Purchase Experience

Whether it's an agent-driven or for sale by owner purchase transaction, Doma leverages technology and service to create a seamless closing experience for all parties. Doma for purchase is designed to create value for homebuyers and sellers, real estate agents, and lenders with:

## Expert Support

Doma provides a dedicated single point of contact and an expert team of Escrow Officers and assistants versed in state-specific practices. Paired with industry-leading response times, support is provided at every step of the closing process.

## Faster Closings

By leveraging Doma Intelligence, Doma's machine learning technology, manual tasks are automated and information is made available faster with increased transparency and real-time status updates.

## Lower Costs

By leveraging Doma's technology and service model, buyers and sellers get the most affordable closing, with up to \$1,000 in savings on their title and escrow fees. By lowering costs, we're helping agents and lenders achieve higher customer satisfaction.

## Your dedicated team through title & curative, escrow, recording & policy:

- **Sales Executive:** Identifies the best solution to fit your needs and owns the end-to-end sales process.
- **Senior Operations Manager:** Oversees files and provides escalation support.
- **Escrow Team:** Escrow Officer and assistant manage file-level transactions and are versed in state-specific practices.

## Leverage cutting-edge technology:

- Doma Intelligence leveraged to streamline the closing process
- 90-minute response time to phone and email inquiries
- Business hours 8am-5pm M-F for all U.S. time zones
- Orders accepted via email and ResWare
